\*ADOPTED AS AMENDED by Council action of 6-7-00. *Mosby*

Transmittal No. 4  
CF 00-1073  
Initial Council Motion

TO CITY CLERK FOR PLACEMENT ON NEXT  
REGULAR COUNCIL AGENDA TO BE POSTED  
**MOTION** #61  
MAY 31 2000

Finding clean public restrooms can be difficult in our City. In certain areas this problem has become a serious public health issue. Many world class cities, including San Francisco and many European cities, have addressed this problem by installing state of the art, self-cleaning toilets. These automated public toilets are self-cleaning and have security measures in the programming of the toilet operation to discourage illegal activity. In addition, these toilet structures can have associated newsracks and information panels tastefully incorporated and will beautify the streetscape. Furthermore, it is possible for the City to have such toilets installed and maintained at no annual cost with additional revenue to the City, in conjunction with kiosk advertising programs on some City sidewalks and rights of way.

City staff have made attempts to institute a pilot program for a limited number of automated toilets in certain areas of the City, but it appears that issuing a RFP for a citywide program would be in the City's best long term interests.

It is critical that the City move forward immediately to conduct a competitive process to select a contractor for the provision of this amenity in our City.

I THEREFORE MOVE, that the Council instruct the Department of Public Works, Bureau of Street Services, jointly with the Chief Legislative Analyst, to do the following: Negotiate and execute a contract with a consultant for the development of a RFP for a citywide automated toilet with kiosk and associated newsrack program as a part of a comprehensive street furniture program; release the RFP to the public; and report back to the Arts, Health and Humanities and Public Works Committees of the Council with the recommended contractor for the automated toilet/newsrack program for the City. **\*Also, to include the Planning and Land Use Management Committee.** (Miscikowski - Pacheco)
