Phase 5: Rollout C Complete	-		12/31/2024	0														

[1] This row is NOT a consistent formula given that existing benches removed is based upon existing balance of benches, and that we'll remove all refurbished benches in Year 4

[2] Assumes 30% salvage rate

[3] Kiosk 65" Assumes 0% COLA increase due to fixed quote with vendor and historical evidence of electronics going down in price

[4] Screen 65" refresh: Assumes 0% COLA increase due to fixed quote with vendor and historical evidence of electronics going down in price

[5] Screen XL: Assumes 0% COLA increase due to fixed quote with vendor and historical evidence of electronics going down in price. Added \$5000 for additional labor / fabrication

[6] AZQ screen, added 10% markup from quote because actual quantities may fall short of quoted qtys.

[7] Lockers, added \$1000 in fabrication

[8] Locker SaaS is \$48 per door per year

[9] Scooter quote SaaS is \$800 per dock

[10] FPM = flips per minute. This constitutes how many accounts can share time on the screen.

[11] Digital screens are by per flip constitutes 10 seconds to each minute on a 4-week campaign (assuming 6 FPM).

Static screens are by per face per 4 weeks.

[12] Static Ad Boxes do not have a FPM multiple, as it's a static ad for 4 weeks

[13] Each flip constitutes 10 seconds to each minute on a 4-week campaign (assuming 6 FPM).

[14] Open Exchange and Marketplace: Fill rates assume 100%, so fill rate calculations are based upon % of total DOOH market

[15] Setting screens for Open Exchange and Private Sales at 0; Assuming that programmatic sales will increase the fill rates of high level and standard locations but not super premium and premium as a conservative gesture.

[16] Each flip constitutes 10 seconds to each minute on a 4-week campaign (assuming 6 FPM).

[17] Revenues: Year 1 Revenues are discounted by 50% for all new installations for that year, given a rolling installation schedule.

[18] Year 1 Revenues: Reduced by a factor of 50% due to ramp-up period

[19] Year 1 Revenues is at 50% given the installation schedule will be rolling throughout the year.

[20] Vertical Bridge projects \$30k infrastructure/construction contribution per site. Assume 20% of Year 1 sites and 10% of remaining sites.

[21] Replacement screens assumes 100% of replacements after 5 years of LCD screens

[22] Solar panels, batteries, and installation assumes \$3500 per location

[23] Replacement costs assumes capital + labor for non-routine screen replacements

[24] Permit fees: Assumes \$2000 per permit application -- basing 80 qty based on 88 cities in LA County

[25] Vertical Bridge will contribute \$30k per site for trench work. Assume all Icon + Ad Panels require trench work AND 20% of remaining Year 1 street furniture are viable; assume 10% of remaining sites are viable.

[26] Non-trench sites assumes the inverse of Trench Work sites; 80% of non-Icon/non-Ad Panel Year 1 sites will require site work, 90% of remaining non-Icon/non-Ad Panel sites will require site work.

[27] Electricity usage assumes 380 watts per hour, or 9.12 kWh per day. 380*24*365= 3,329 kWh per 65" screen per year. Rates assumed at 25 cents per kWh.

[28] CTO: Based on 2020 ASHTO National Compensation Matrix for CEO

[29] Managing Director: Based on 2020 ASHTO National Compensation Matrix for CEO

[30] General Manager: Based on 2020 ASHTO National Compensation Matrix for VP. This is due to seeking senior-level GM that acts as day-today executive

[31] Project Manager: Based on 2020 ASHTO National Compensation Matrix for CFO. This is due to seeking a senior-level PM that is familiar with highly technical language and projects

- [32] Curb CMS is built on top of CurbOS into a customized and proprietary program for STAP
- [33] Systems Integration SLAs are based upon annual SLAs for upkeep of individual components
- [34] IT Support is based upon a per screen charge. Includes 24-hour support and service calls
- [35] Fiber Backhaul HW: Assuming backhaul partner will contribute to fiber hardware equipment
- [36] Fiber Backhaul Recurring: Assuming backhaul partner will contribute to fiber hardware equipment
- [37] Mobility Hub = Super Premium + Premium Locations
- [38] Mobility Hub = High Value + Standard Digital

[39] Mobility Hub eco = Standard Bus Shelter w/Static ad box

[40] Assumes 30% salvage rate
